

## Direct Observation of Procedural Skills Assessment Form

### Spinal Cord Tumour

Trainee Name: \_\_\_\_\_

The trainee should initiate completion of this DOPS when they feel they have a reasonable chance of demonstrating safe and efficient independent practice. The Assessor must be the Surgical Supervisor or another Surgical Trainer recognised by the Board of Neurosurgery who has supervised the trainee undertaking the procedure on multiple occasions. Where the Assessor is not the Surgical Supervisor, the Surgical Supervisor must also sign the DOPS form to confirm they are confident with the assessment completed by the Assessor.

**This DOPS form must be submitted to the Board by the trainee within two weeks of the date the procedure was last observed by the Assessor as recorded on this DOPS form.**

I confirm the trainee can perform all of the principal procedure independently in a consistently safe and effective manner based on my direct observations of the trainee performing the procedure on multiple occasions. This includes but is not limited to the trainee satisfactorily achieving the following:

- Pre-operative preparation (clinical assessment, investigations, consent, formal time out etc)
- Appropriate incision site and methods used to accurately localise pathology
- Adequate bony and dural exposure with satisfactory haemostasis
- Safe and appropriate durotomy
- Plan and perform myelotomy to allow adequate and safe tumour exposure
- Demonstrate and explain microneurosurgical techniques used to perform tumour resection and or biopsy
- Perform satisfactory closure of durotomy under magnification
- Appropriate closure technique
- Postoperative management including techniques or protocols to mitigate against CSF leak

I consent to this Form being provided to all future training units in which the trainee is placed as part of the Surgical Education and Training Program.
